

## CME INFORMATION

### SCOTTSDALE INTERVENTIONAL FORUM (SIF 2026)

FEBRUARY 9-12, 2026  
SCOTTSDALE, ARIZONA

#### **Target Audience**

SIF 2026 is designed to meet the educational needs of a broad spectrum of cardiovascular professionals, including interventional and general cardiologists, cardiovascular surgeons, electrophysiologists, fellows, nursing staff, technologists, and allied health professionals dedicated to heart and vascular medicine.

#### **Overview**

With this rich legacy in mind, SIF 2026 is meticulously designed to meet the growing and increasingly complex educational needs of the cardiovascular community. This live, immersive four-day symposium offers an unparalleled opportunity for cardiologists, cardiovascular surgeons, electrophysiologists, imaging specialists, nurses, and allied health professionals to engage deeply with the most current and compelling advances in cardiovascular diagnosis and management. The organizing committee has curated a rigorous, all-encompassing scientific curriculum that reflects the forefront of cardiovascular innovation and clinical expertise.

#### **Learning Objectives**

- Explain the role and application of mechanical circulatory support in complex coronary interventions
- Discuss novel drug-eluting stent platforms and understand regulatory pathways
- Comprehend newer techniques for plaque and calcium modification during coronary interventions
- Comprehend the expanding role of catheter-based revascularization in challenging coronary lesions
- Evaluate the comparative merits of surgical versus percutaneous revascularization in diabetic and complex patients
- Integrate advanced imaging modalities, including OCT and IVUS, into clinical decision-making
- Describe the role of mechanical left atrial appendage closure, cerebral embolic protection, and adjunctive devices in structural heart disease management
- Advance understanding of radial and alternative vascular access techniques
- Define the indications and outcomes of transcatheter and surgical therapies for aortic stenosis and insufficiency
- Analyze catheter-based therapies for degenerative and functional mitral and tricuspid valve disorders
- Review landmark clinical trials shaping current and future cardiovascular care
- Apply evidence-based practices in antiplatelet and antithrombotic management

#### **Accreditation**

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of *CMEsolutions*, Gaffney Events, and Banner Health. The *CMEsolutions* is accredited by the ACCME to provide continuing medical education for physicians.

The *CMEsolutions* designates this live activity for a maximum of 29.0 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

#### **American Board of Internal Medicine (ABIM) and American Board of Surgery (ABS) MOC**

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to:

**ABIM MOC:** 29.0 Medical Knowledge MOC points in the ABIM MOC Assessment Recognition Program

**ABS CC:** 29.0 Accredited CME credits toward ABS Continuous Certification Program

It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM and ABS credit.

*ABIM and ABS MOC points will be reported within 30 days of claiming credit.*

### **Nursing Contact Hour Information**

This nursing continuing professional development activity was approved by Montana Nurses Association, an accredited approver with distinction by the American Nurses Credentialing Center's Commission on Accreditation.

29.0 Contact Hours

### **ASRT**

Approved by the ASRT for Category A continuing education credit

ASRT – Scottsdale Interventional Forum - Day 1 - 9.5

ASRT – Scottsdale Interventional Forum - Day 2 – 10.75

ASRT – Scottsdale Interventional Forum - Day 3 – 7.00

ASRT – Scottsdale Interventional Forum - Day 4 – 4.75

### **PARTICIPATION REQUIREMENTS**

1. Read CME Information.
2. Attend/Participate in Sessions – credit given commensurate with attendance.
3. Click on the following URL: <https://www.online-med-edu.com/sif/020926/cme>
4. Complete evaluation, credit request form, ABIM or ABS MOC request, and download or print credit statement/Certificate.

*ABIM and ABS MOC points will be reported within 30 days of claiming credit.*

**Participants have 60 days to claim AMA PRA Category 1 Credits™, ABIM and ABS MOC, ASRT, and Nursing credits**
